MAY EDITION : VOLUME 4.3

SCHOOL ANTHEM

Amidst the rivers that gently flow,
And mountains tall, where eagles soar.
In valleys green, where nature thrives,
Our Doon School, where greatness resides.

Oh, Doon School, our hearts are true,
We stand together, strong and blue.
With courage high and spirits bright,
We'll conquer challenges, with all our might.

In this heaven, where birds take flight,
We seek knowledge, our beacon of light.
In every classroom, wisdom's voice,
Guiding us onward, to make the choice.

Through flowing rivers and mountains grand,
We'll strive for greatness, hand in hand.
Inspired by nature's beauty profound,
In unity and harmony, we are bound.

From valleys deep to peaks above,
Our Doon School, a place we love.
With resilience as our guiding star,
We'll face the world, no matter how far.

Oh, Doon School, forever we'll be,
United by knowledge, proud and free.
In rivers, mountains, birds, and valleys wide,
Our spirit shall soar, with a lasting stride.

A MULTI-SPORT STAR MAKES DOON PROUD

Doon School Srinagar proudly congratulates Maheem Ajaz of Class IX for representing Jammu & Kashmir in three national-level tournaments within a single year—BAI U-15 Nationals (Badminton), SGFI U-14 Nationals (Badminton), and SGFI U-14 Nationals (Table Tennis).

This remarkable achievement reflects her talent, versatility, and dedication, making her a true inspiration for the entire Doon community.

COMMERCE STUDENTS EXPLORE THE WORLD OF INDUSTRY

Grade XI and XII Commerce students of Doon School Srinagar undertook an industrial visit to Khanmoh, exploring STAMCO Flour Mill, Arco Steel, and local glass and embroidery units.

The visit offered valuable insights into production processes, supply chains, and industrial management, bringing classroom concepts to life through practical exposure.

DOONIANS EXCEL IN SILVERZONE INTERNATIONAL OLYMPIADS

Doon School Srinagar proudly celebrates the outstanding performance of its students in the Silverzone International Olympiads, securing top honours across Science, STEM, Mathematics, and Artificial Intelligence. The achievement was further highlighted by three State Toppers.

The young achievers were felicitated by the Honourable Chairman and the Principal, recognising their dedication, excellence, and commitment to academic success.

Celebrating MOTHERS, CELEBRATING LOVE

To mark Mother's Day, students of Grades III to VII at Doon School Srinagar expressed their love and gratitude through a range of creative activities. From handmade cards and bookmarks to heartfelt letters, stories, and reflections, each creation served as a tribute to the invaluable role of mothers.

The celebration beautifully showcased students' creativity and affection, making the occasion both meaningful and memorable.

Happy
Mother's
Day

GIRLS' CRICKET TEAM SECURES RUNNER-UP POSITION

Doon School Srinagar proudly celebrates the outstanding achievement of its girls' cricket team, which secured the First Runner-Up position at the Jammu & Kashmir Tennis Ball Cricket Tournament held at BHSS Ground.

The team displayed exceptional determination, teamwork, and sportsmanship throughout the competition. The achievers were felicitated by the Principal during a special assembly in recognition of their remarkable performance & dedication.

TIP-OFF TO EXCELLENCE

INTER-SCHOOL BASKETBALL TOURNAMENT 2026

Doon School Srinagar marked a significant milestone with the inauguration of its first Inter-School Basketball Tournament 2026. The event was graced by distinguished guests, including Ms. Mehnaz Chisti (ARTO, JKAS) and noted journalist Mr. Tajamul.

The tournament commenced with an inspiring address by the Principal, encouraging participants to uphold the spirit of sportsmanship and excellence. The unveiling of the tournament trophies added to the excitement, setting the stage for a thrilling competition ahead.

EYE CHECK-UP CAMP

PROMOTES STUDENT WELL-BEING

- ✓ Doon School Srinagar organised an ophthalmological check-up camp in collaboration with Dr. Agarwal's Eye Hospital, Qamarwari. The camp provided students with comprehensive eye examinations and valuable guidance on maintaining eye health.
- ✓ The school community expressed its gratitude to the medical team for their support in making the initiative a meaningful and successful health awareness programme.

POWERING LEARNING

VISIT TO UPPER SINDH HYDEL PROJECT

- ✓ Grade XI and XII Science students of Doon School Srinagar visited the Upper Sindh Hydel Project at Kangan, gaining valuable firsthand exposure to renewable energy generation and hydroelectric power systems.
- ✓ The visit enhanced their understanding of energy conversion, power generation, and the environmental considerations involved in sustaining the region's electricity network.

CELEBRATING *Mothers*

A DAY OF LOVE AND GRATITUDE

♥ Doon School Srinagar hosted a special Mother's Day celebration, honouring the unconditional love and dedication of mothers. The event featured musical performances, dance presentations, and creative skits by students, all expressing appreciation for the invaluable role mothers play in their lives.

♥ A highlight of the celebration was the interactive activities that allowed mothers and children to bond & create lasting memories, making the occasion truly memorable for all.

Happy
Mother's Day

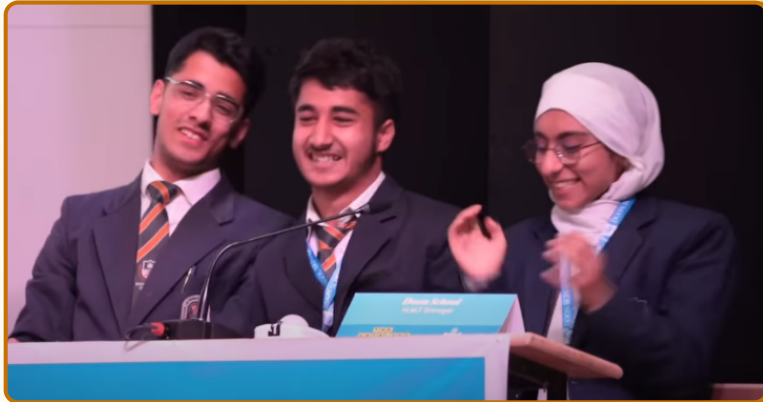

♥ Thank You, Mom, for Being Our First Teacher and Forever Inspiration. ♥

DOONIANS TRIUMPH AT

AAKASH CATALYST QUIZ

KNOWLEDGE
TEAMWORK
VICTORY

Doon School Srinagar proudly celebrates the outstanding achievement of Reesha, Yasooob, and Nabeel, who secured first place in the prestigious Aakash Catalyst Quiz. Competing against participants from across Kashmir, the team emerged victorious through exceptional knowledge and teamwork.

The winners were awarded gold medals, the championship trophy, and a cash prize, bringing yet another academic accolade to the school.

IN THE NEWS

FRONTIERS OF SCIENCE

- NASA prepares for Artemis lunar missions — Ongoing developments in the Artemis programme continue to advance plans for sustained human exploration of the Moon and beyond.
- AI accelerates scientific research — Researchers worldwide are increasingly using artificial intelligence to analyse data, speed up discoveries, and improve healthcare outcomes.
- Renewable energy projects expand globally — Nations continue investing in solar, wind, and hydropower infrastructure to meet growing energy demands sustainably.

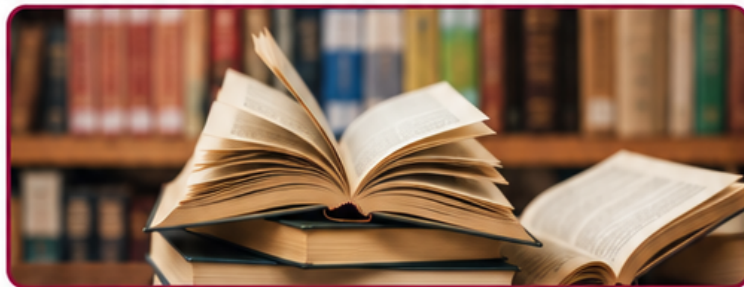

SOCIETY AND POLICY

- Global focus on digital safety grows — Governments and institutions are strengthening cyber security measures to address emerging online threats.
- Education systems embrace experiential learning — Schools worldwide are increasingly adopting hands-on and skill-based approaches to learning.
- Environmental conservation remains a priority — New initiatives continue to promote bio-diversity protection and sustainable resource management.

LITERARY LIGHTS

- Young readers drive a revival in book culture — Reading clubs, literary festivals, and book fairs continue to attract growing participation from students and young adults.
- Regional literature gains wider recognition — Works in local languages are finding larger audiences through translations and digital platforms.
- Storytelling remains a powerful educational tool — Educators continue to use literature and creative writing to enhance critical thinking and communication skills.

SPORTS HIGHLIGHTS

- IPL 2026 continues to captivate cricket fans — The tournament has delivered thrilling contests and standout performances from emerging talents.
- Indian athletes shine on international stages — Strong performances across multiple disciplines highlight India's growing sporting excellence.
- Youth sports participation sees steady growth — Schools and academies continue encouraging greater student involvement in competitive sports.

THE WORLD OF TRADE

- India's manufacturing sector shows strong momentum — Growth in industrial production continues to strengthen the country's economic outlook.
- Green industries attract major investments — Businesses worldwide are expanding into clean energy and sustainable technologies.
- Digital commerce continues rapid expansion — E-commerce platforms remain a major driver of consumer spending and business growth.

HEALTH & SAFETY

— MAY EDITION —

-Fajr (X)

As summer approaches and routines grow busier, it becomes even more important to pay attention to our well-being. Staying hydrated, getting adequate rest, and maintaining a balanced daily routine can have a significant impact on both physical health and mental focus. Small habits, often overlooked, play a vital role in keeping us energized and productive.

Safety begins with awareness. Whether at school, on the road, or at home, simple precautions and responsible choices help prevent unnecessary risks.

Looking after ourselves and those around us is not a one-time effort but a daily practice that contributes to a healthier, safer, and more mindful community.

STAY AWARE.
STAY SAFE.

HEALTH TODAY,
BETTER TOMORROW.

CARE FOR YOURSELF,
CARE FOR OTHERS.

CREATIVE CORNER

• CHRONICLES •

It was very cold, about minus six degrees Celsius. She was alone in an unknown forest, hanging from a branch of a tree. There were trees with leaves which made the forest look like it was on fire.

She was unconscious in great pain; every part of her body ached, and she struggled to open her eyes. After a while, returning to consciousness, she opened her eyes and looked all around.

She was in shock, wondering how she came from her room, where she was in absolute comfort, to a place with zero convenience. In frustration she shouted, "I'm in the woods, hanging from a tree and that too in freezing temperature, which makes it hard for anyone to survive!" She tried to free herself but was unable to do so. Thinking hard, a sudden idea came.

With the help of her knife, the one she had kept because it made her feel safe, she made a hole on the top of the net in which she was trapped. Then she swung herself to reach the nearest branch and escaped from there. It wasn't hard for her to get down, as she had now reached a level from where she could jump easily. She looked at her watch; it was 4:45 p.m., and it had already started getting dark. As in autumn, we experience short days and long nights.

She was starving and needed to find a place to stay at night as fast as possible. After searching, she decided to stay inside the hollow trunk of a tree. She quickly cleaned it, collected some dry leaves and placed them inside the hollow trunk and then made small holes on the top of it, with the help of her knife, to allow the air to come in and prevent her from suffocating. She also collected some branches, placed them near the entrance. She entered the tree trunk and closed the entrance with those branches.

At night she saw a dream in which she was in the same forest and in the same situation she was walking in the forest and suddenly fell into a deep pit hearing someone call, "Welcome, Mille!" She opened her eyes and looked around—she was frightened. Then, she peeped out from the holes she had made.

It was already morning time, and she was starving. So, she left in search of food and in a hope to find her way home. She walked for a long distance despite her wretched condition. After a while she decided to rest under a tree. In a flash, a squirrel came down from the tree; it was the first animal she had seen in the forest, and without thinking much, she ran after it. She followed the squirrel until it reached a cave.

Mille entered the cave, looking for the squirrel. She was unaware of the deep pit in front of her and she fell into it. For about a while she kept falling, until a big flower petal broke her fall. She got down from it and found that she was in a place where her old memories were displayed everywhere. These memories were precious to her; it reminded her of all the moments where she had spent her time enjoying with her friends, and especially the time spent with her parents. She saw herself cooking with her parents, traveling and watching a movie together. She was happy to see these moments once again.

Mille heard a loud voice calling her name; it was of her mother. She cried, "Mother, mother! Where are you?" "I miss you, Mille," said the voice. She followed the voice and saw her mother; within no time she started crying. "Mother, I miss you a lot, why don't you come home with me," said Mille.

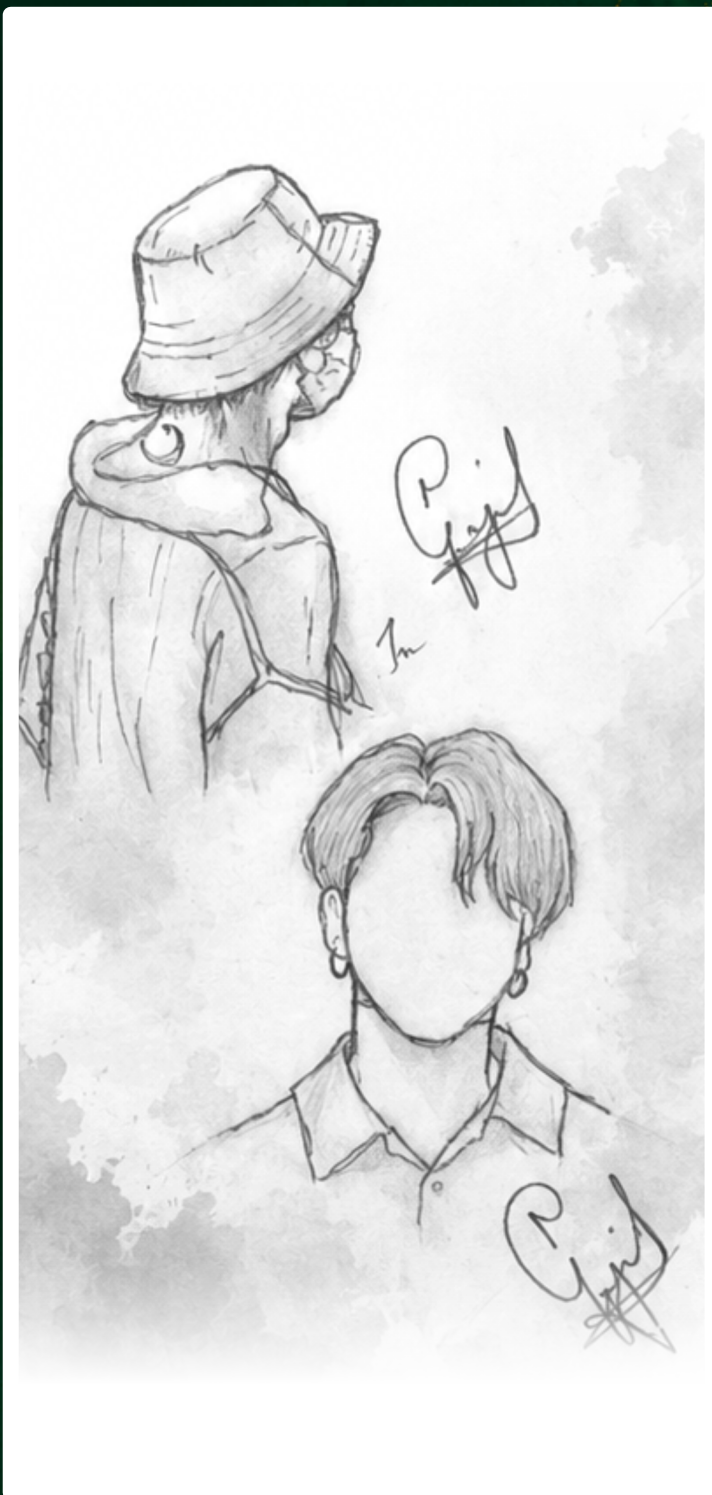

"Listen, child, I understand your feelings, but do not cry. I don't want to see you sad. I'm always with you, and I believe that you will make me proud. Stop wasting your time because sitting idle isn't the ideal. Make most out of your time and that's what will make you truly happy," her mother said.

In a flash, she was back into her room, and remembered everything her mother had told her. From that day, she started working on herself and spending time on things that really mattered.
